Our campuses

Our history

Stellenbosch University (SU) is rooted in Africa and global in its reach. Over the past century, it has grown into a leading research-intensive university on the African continent, globally recognised as excellent, inclusive and innovative and where knowledge is advanced in service of society.

Our vision

Stellenbosch University will be Africa's leading research-intensive university, globally recognised as excellent, inclusive and innovative, where we advance knowledge in service of society.

Our mission

Stellenbosch University is a research-intensive university, where we attract outstanding students, employ talented staff and provide a world-class environment; a place connected to the world, while enriching and transforming local, continental and global communities.

SU in numbers

32 535

undergraduate, occasional
and postgraduate students

3 400

academic and professional,
and support service staff

10

Faculties

454

position in QS Global
World Rankings 2023

251–300th

position on Times Higher Education
World University Rankings (2022)

Strategic framework

Strategic Framework 2019–2024 articulates our vision, mission and strategic choices, and provides a broad framework within which the University positions itself as a leading research-intensive university. It accentuates the critical review of our approach to research, teaching and learning, social impact, as well as our processes throughout the University to attain the goals articulated in the framework. Our core strategic themes are:

1 A thriving Stellenbosch University

2 A transformative student experience

3 Purposeful partnerships and inclusive networks

4 Networked and collaborative teaching and learning

5 Research for impact

6 Employer of choice

Internationalisation at SU

“An institutional commitment to intentionally and comprehensively integrate an international, intercultural and global dimension into the purpose, functions and programmes for all SU students and staff in order to advance the quality and impact of learning and teaching, research and innovation, in meaningful service of society.”

This comprehensive institutional imperative can be captured by using eight dimensions.

Governance and organisational dimension

Research dimension

Academic programmes dimension

Reputation dimension

Engagement dimension

Student dimension

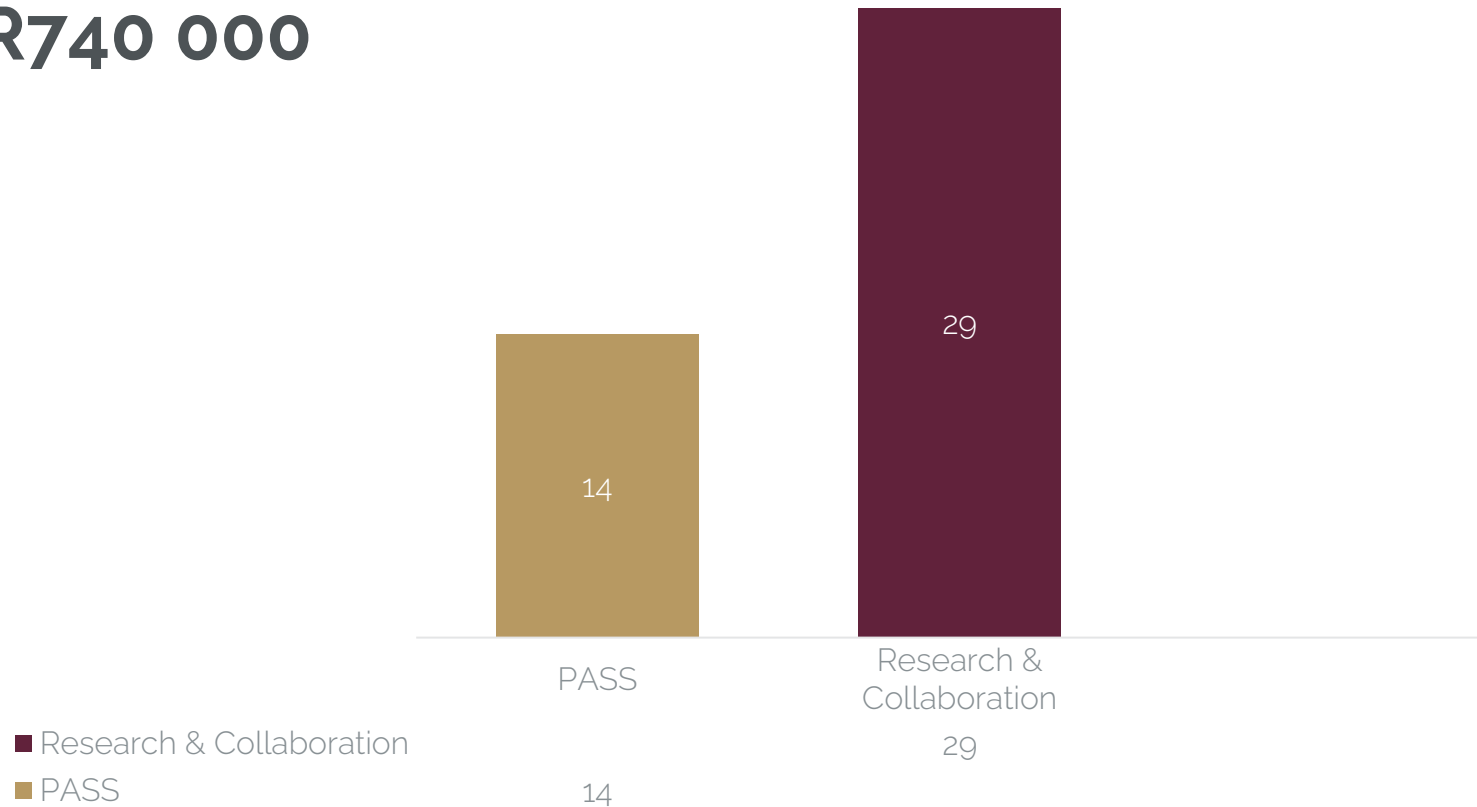

Staff and postdoctoral fellows dimension

Innovation dimension
