1. The Stipendium Hungaricum Scholarship Programme

1.1. Mission of the Programme

Hungary provides high quality education in the heart of Europe. Today, there is a growing demand of international students to study in Hungary. Besides the quality of education and degrees recognised throughout Europe and beyond, students are attracted by the affordable living costs with an extremely favourable cost-to-value ratio, a safe and friendly living environment with convenient public transportation, the central location of the country in Europe and the unspoiled natural beauties combined with a 2000 year-old, rich Hungarian history and several UNESCO World Heritage Sites. Hungary is also within the top countries with the highest number of scientific Nobel Prize Winners per capita, and a numerous scientific inventions from Vitamin C to Rubik’s cube and so on.

The Stipendium Hungaricum Scholarship Programme was launched in 2013 by the Hungarian Government. The core mission of the programme is to increase the number of foreign students in Hungary and to encourage Hungarian higher education institutions to attract top foreign students.

The programme is based on bilateral educational cooperation agreements signed between the Ministries responsible for education in the sending countries/territories and Hungary or between institutions. Currently more than 50 Sending Partners are engaged in the programme throughout 4 different continents.

Thousands of students from all around the world apply for higher educational studies in Hungary each year. The number of Stipendium Hungaricum applicants is continuously increasing as well as the number of available scholarship places. In the academic year 2017/2018 approximately 4000 students can begin their studies in Hungary in the framework of the Stipendium Hungaricum Programme.

The Programme is managed by Tempus Public Foundation.

1.2. Available Scholarship Types

1.2.1. Study Levels

Stipendium Hungaricum scholarships are available for bachelor, master, one-tier master, doctoral and non-degree programmes (preparatory and specialisation courses).

Available Types	Scholarship	Duration		Qualifications at the end of programme		Available study modes
		full time	partial	full time	partial	
Degree programmes	Bachelor programmes	2-4 years	1 or 2 semesters	BA or BSc degree	certificate of completion	full time and partial
	Master programmes	1.5-2 years	1 or 2 semesters	MA or MSc degree	certificate of completion	full time and partial
	One-tier master programmes	5-6 years	1 or 2 semesters	MA or MSc degree	certificate of completion	full time and partial
	Doctoral programmes	2+2 years	1 or 2 semesters	doctoral degree	certificate of completion	full time and partial

Non-degree programmes ¹	Preparatory course in Hungarian language	1 year	-	certificate	-	full time
	Other preparatory and specialisation courses	up to 1 year	-	certificate	-	full time

Note about one-tier master programmes:

In the Hungarian education system, one-tier master programmes cover both the bachelor and the master level of studies; therefore it is an undivided master programme that results in a master degree. These one-tier programmes are offered in specific study fields such as general medicine, pharmacy, dentistry, architecture, law, veterinary surgery, forestry engineering, etc.

Note about doctoral programmes:

According to the current Hungarian legislation, the duration of doctoral programmes has changed to 8 semesters. The doctoral studies consist of two different phases: the first one is a two-year long period for professional training and research, while the second two-year long section is for research and dissertation. At the end of the first 4 semesters, doctoral students are obliged to take a complex exam in order to assess the educational and research progress of the student. Doctoral students can only continue with the second two-year phase if they pass this exam. The amount of the monthly scholarship is different in these two phases of doctoral programmes. Please see section 1.3 about financial details.

1.2.2. Study Modes

Both full time and partial study modes are available, depending on/defined in the specific bilateral educational cooperation agreement. Full time programmes are programmes that lead to a bachelor, master or doctoral degree and one-year programmes that do not lead to a degree but provide a preparatory course before a degree programme or a specialisation course after a degree programme.

Partial studies are one- or two-semester long exchange studies that are part of the student's degree studies in their sending higher education institutions. Therefore, those who apply for partial studies must be registered in and must have a student status at a higher education institution that operates outside of Hungary. In case of partial studies, applicants can only apply to those study levels (bachelor, master, doctoral) that they are attending in their sending, home institutions. Partial studies are not available for preparatory and specialisation courses. Partial studies are available for up to one academic year and no further extension is possible.

- you do not accidentally apply for the wrong study levels (e.g. doctoral studies while you are a bachelor student) and do not apply to different study levels in one application
- you do not mix up the application to full time and partial study programme as it cannot be altered after the application is submitted,
- in case of applications for Hungarian language programmes, you apply for the Hungarian language preparatory course in the online application system of Tempus Public Foundation, and NOT the higher education programme you wish to start after the language preparatory year,

We highly suggest you to

- increase your chances of getting admitted by applying for 3 different study programmes (in order of preference) instead of only one or two,
- not to apply through any agencies and pay for their services regarding the application because the programme is implemented by direct cooperation with the responsible authorities of the Sending Partners, not agencies, and

The methods of examination are available on our website (*see Annex 2 – available from middle of January 2017*). **Each applicant will be informed about further details (e.g. date of examination) directly by the Host Institutions.**

The final decision about the application is made based on the application preferences, the entrance exam results, the capacities of the Host Institutions involved in the programme, and the educational cooperation agreements in effect between Hungary and the Sending Partner.

Applicants can be expected to be informed about the final result of application around 30 June 2017.

4. Studying in Hungary

4.1. Arrival and Enrolment

In order to gain a Scholarship Holder status, successful applicants must **accept their scholarship offer** and the Rules and Regulations of the programme in the online application system no later than 1st August 2017. Those who do not accept their scholarship offer until the deadline are automatically considered withdrawn from the scholarship.

We recommend all applicants to visit our Study in Hungary website (www.studyinhungary.hu) for detailed information about life and education in Hungary.

Successful applicants are expected to make their own travel arrangements to Hungary – no financial provisions will be provided for travel expenses by the Hungarian side. Scholarship Holders are expected to obtain their visa and arrive to Hungary no later than 1st September 2017 (for study programmes starting in the Autumn Semester) – or the date set by the Host Institutions. No visa, administrative services or additional contribution is given to family members or accompanying persons.

The applicant who is granted the scholarship must enrol to the Host Institution in the semester in which he was granted admission. If s/he does not enrol within one month after the beginning of the academic year/semester or the deadline provided by the Host Institution, s/he will be automatically excluded from the scholarship programme. In justified cases, the applicant can ask for the postponement of his/her studies for up to 1 year. Postponement request has to be sent to Tempus Public Foundation until 30th September 2017 the latest – or until the registration deadline set by the Host Institution.

Please visit the [Rules and Regulations](#) of the programme for details about the acceptance of the scholarship, enrolment and postponement procedures.

4.2. Rights and Obligations

All Scholarship Holders are bound by the Rules and Regulations of the Stipendium Hungaricum Programme. Please make sure to read it carefully: <http://www.tka.hu/international-programmes/3697/rights-and-obligations>.

Scholarship Holders are required to sign a scholarship contract with the Host Institution including study-related details and the rights and obligations of the Scholarship Holders (*see sample on our website or [click here](#)*).

The Stipendium Hungaricum scholarship is a contribution to the living costs of the Scholarship Holder only, therefore –within the framework of the programme – visa-related assistance, additional allowance and administrative services are not provided for any accompanying people or family members. The legal entity of the scholarship contract is exclusively the Scholarship Holder and the Host Institution.

The Scholarship Holders are expected to follow the regulations of the Host Institution and continue their studies in good faith, to the best of their abilities, in order to meet the academic requirements of the study programme and thus finish the programme successfully. By accepting the scholarship offer, the Scholarship Holders agree to participate in the alumni system of the programme that support the maintenance of relationships with the Scholarship Holders and facilitates the flow of information – such as the alumni website, alumni events and surveys about the satisfaction of students, career monitoring and the evaluation of research activities.

Scholarship Holders are obliged to live and study in Hungary, therefore they are not allowed to live habitually in any other countries during the study period – otherwise their scholarship holder status will be terminated. The Scholarship Holders are obliged to inform their host institution if they leave Hungary during the study period for more than 10 days in a row. The Stipendium Hungaricum scholarship entitles Scholarship Holders to carry out studies in Hungary, therefore the Scholarship Holders are not entitled to use financial support for getting enrolled in full time or partial study programmes outside Hungary (e.g. Erasmus + and CEEPUS). Applicants are also not eligible to receive the Stipendium Hungaricum scholarship in case they have another concurrent scholarship from the Hungarian central budget. If the Scholarship Holder was awarded more than one scholarship, s/he has to choose one of the scholarships and renounce from the other ones.

At the end of their study period or academic year as Stipendium Hungaricum Scholarship Holders, students are obliged to submit a Student Report to Tempus Public Foundation until the given deadline.
