Facts and figures

- 20,000 students (16% from abroad, 116 nationalities)
- 1,247 PhD students
- 234 PhDs in 2013
- 3,650 scientific publications each year
- 5,117 staff members (17 % from abroad, 88 nationalities)
- 624 professors
- 290 assistants
- 2,933 researchers
- 1,270 administrative and technical personnel
- 60,000 alumni
- 9 campuses in Antwerp
- 14th in the QS University Ranking Top 50 Under 50 (2014)

The academic year 2016-2017 starts on 26 September 2016.

Frontline research domains

- Drug Discovery and Development
- Ecology and Sustainable Development
- Harbour, Transport and Logistics
- Imaging
- Infectious Diseases
- Materials Characterisation
- Neurosciences
- Socio-economic Policy and Organisation
- Urban History and Contemporary Urban Policy

CHANNEL

BEHIND
THE SCIENCE

University
of Antwerp

behindthescience.uantwerp.be

Emerging frontline research domains

- Multi-level Governance, Globalisation & Federalism
- Oncology
- Proteomics, Genomics and Metabolomics

Areas of teaching

- Applied Economics
- Applied Engineering
- Arts
- Design Sciences
- Law
- Medicine and Health Sciences
- Pharmaceutical, Biomedical and Veterinary Sciences
- Social Sciences
- Science

University
of Antwerp

Metropolis @ the river Scheldt

- 516,000 inhabitants
- 173 nationalities
- Area of 20,451 ha
- 900 cafés, 1,600 restaurants
- 100 hotels and 30 guesthouses
- 33 municipal sport halls
- 30 theatres and art centres
- 38 parks in and around the city
- 1,800 city bikes for rent
- 60 art galleries
- 25 museums
- 7 km walk along the quay

* direct flights from Brussels Airport

Location

Latitude 51°13'12" N - longitude 4°24'03" E
Country: Belgium
Region: Flanders

Antwerp

Port

- Second largest port in Europe, 11th largest in the world (in metric tons)
- 9 million container units handled annually (2014)
- Area of 12,068 ha (20,000 football fields)
- 130 km quay length
- 91 cargo handling companies and 217 shipping agents

www.portofantwerp.be

Industry

- 80 % of world trade in rough diamonds and 50 % in cut diamonds
- 1,700 diamond companies
- 4 diamond exchanges
- Second largest petrochemical cluster in the world

Graduate programmes in English

Master programmes

- Applied Economic Sciences: Business Economics (60 ECTS credits)
- Applied Economic Sciences: Economic Policy (60 ECTS credits)
- Biology – Biodiversity: Conservation and Restoration (120 ECTS credits)
- Biomedical Sciences: specialisation Molecular Imaging (120 ECTS credits)
- Biomedical Sciences: specialisation Neurosciences (120 ECTS credits)
- Biomedical Sciences: specialisation Infectious and Tropical Diseases (120 ECTS credits)
- Comparative Vertebrate Morphology (120 ECTS credits, Erasmus Mundus)
- Computer Science: specialisation Computer Networks and Distributed Systems (120 ECTS credits)
- Computer Science: specialisation Data Science (120 ECTS credits)
- Computer Science: specialisation Software Engineering (120 ECTS credits)
- Epidemiology (120 ECTS credits)
- Laws (120 ECTS credits)*
- Linguistics and Literature: English (60 ECTS credits)
- Marine and Lacustrine Science and Management (120 ECTS credits)
- Molecular Biology (120 ECTS credits)
- Physics (120 ECTS credits)
- Sustainable Automotive Engineering (120 ECTS credits, Joint Master)*

Advanced master programmes (always 60 ECTS credits)

- American Studies
- Development Evaluation and Management (IOB)
- Economics of Globalisation and European Integration (Erasmus Mundus)
- Globalisation and Development (IOB)
- Governance and Development (IOB)
- Technology for Integrated Water Management (IMDO)
- Maritime and Air Transport Economics (C-MAT)*
- Maritime and Air Transport Management (C-MAT)*

Postgraduate programmes

- Energy and Climate (20 ECTS credits) (IMDO)
- Globalisation and International Economic Law (PhD programme)
- International and European Legal Studies Programme (60 ECTS credits)
- Interuniversity Certificate/Postgraduate Studies in Algology (40 ECTS credits)

* subject to approval

Undergraduate programmes in Dutch

Bachelor programmes (always 180 ECTS credits)

- Applied Economics: Business Economics
- Applied Economics: Economic Policy
- Applied Language Studies
- Architecture
- Biochemistry and Biotechnology
- Biology
- Biomedical Sciences
- Bioscience Engineering
- Business Engineering
- Business Engineering: Management Information Systems
- Chemistry
- Communication Studies
- Computer Science
- Conservation – Restoration
- Engineering Technology
- History
- Interior Architecture
- Laws
- Linguistics and Literature
- Mathematics
- Medicine
- Pharmaceutical Sciences
- Philosophy
- Physics
- Political Science
- Product Development
- Rehabilitation Sciences and Physiotherapy
- Social and Economic Sciences
- Sociology
- Veterinary Medicine

Graduate programmes in Dutch

Master programmes

- Applied Economics: Business Economics (60 ECTS credits)
- Applied Economics: Economic Policy (60 ECTS credits)
- Architecture (120 ECTS credits)
- Biochemical Engineering Technology (60 ECTS credits)
- Biochemistry and Biotechnology (120 ECTS credits)
- Biology (120 ECTS credits)
- Biomedical Sciences (120 ECTS credits)
- Business Engineering (120 ECTS credits)
- Business Engineering: Management Information Systems (120 ECTS credits)
- Chemical Engineering Technology (60 ECTS credits)
- Chemistry (120 ECTS credits)
- Civil Engineering Technology (60 ECTS credits)
- Communication Studies (60 ECTS credits)
- Computer Science (120 ECTS credits)
- Conservation – Restoration (60 ECTS credits)
- Culture Management (60 ECTS credits)
- Drug Development (120 ECTS credits)
- Electromechanical Engineering Technology (60 ECTS credits)
- Electronics and ICT Engineering Technology (60 ECTS credits)
- Environmental Science (60 ECTS credits)
- Epidemiology (120 ECTS credits)
- Film Studies and Visual Culture (60 ECTS credits)
- Gender and Diversity (60 ECTS credits)
- History (60 ECTS credits)
- Instructional and Educational Sciences (60 ECTS credits)
- Interior Architecture (60 ECTS credits)
- International Relations and Diplomacy (60 ECTS credits)

- Mathematics (120 ECTS credits)
- Medicine (180 ECTS credits)
- Monument and Landscape Conservation (120 ECTS credits)
- Multilingual Professional Communication (60 ECTS credits)
- Nursing and Midwifery (60 ECTS credits)

www.uantwerp.be/education

- Occupational Therapy (60 ECTS credits)
- Organisation and Management (60 ECTS credits)
- Pharmaceutical Care (120 ECTS credits)
- Philosophy (60 ECTS credits)
- Physics (120 ECTS credits)
- Political Communication (60 ECTS credits)
- Political Science (60 ECTS credits)
- Product Development (120 ECTS credits)
- Rehabilitation Sciences and Physiotherapy (120 ECTS credits)
- Safety Sciences (120 ECTS credits)
- Social and Economic Sciences (60 ECTS credits)
- Social Work and Welfare Studies (60 ECTS credits)
- Sociology (120 ECTS credits)
- Theatre and Film Studies (60 ECTS credits)
- Translation (60 ECTS credits)
- Urbanism and Spatial Planning (120 ECTS credits)

Advanced master programmes Postgraduate programmes

The University of Antwerp offers a wide variety of advanced master and postgraduate programmes taught in Dutch.

About ECTS credits

The University of Antwerp applies ECTS (= European Credit Transfer and Accumulation System) in all its degree programmes. All study programmes are measured in terms of ECTS credits.

A full-time one-year study programme amounts to 60 credits (30 credits per semester), which comprises a student workload of about 1,500 to 1,800 hours. One credit stands for 25 to 30 hours of work including contact hours, preparatory work, study and assessment.

Dutch language classes

The Institute for Language and Communication at the University of Antwerp, **Linguapolis**, offers a wide range of Dutch as a Foreign Language courses lasting between 2 weeks and a full academic year.
