ENGLISH LANGUAGES COURSES

Language courses are taught by teachers specialized in teaching English. The teaching method is based on communication. Students actively exercise the four fundamental functions of the language: listening, speaking, reading and writing.

Particular attention, however, is given to conversation, to develop in the student an increasing capacity to express himself and communicate in the foreign language from the beginning of the course.

Each language course consists of 20 lessons per week: 4 daily lessons from Monday to Friday.

WHY MALTA

LANGUAGE

Being English the official language, Malta is one of the destinations most requested by students around the world.

In tourist areas in particular, the inhabitants speak English, so it is easy to practice the language skills everyday, quickly improving speaking and achieving good results.

OPPORTUNITIES

Located in the heart of the Mediterranean Sea, for its geographical location and the small size, the Island offers wonderful opportunities for educational experience.

It is easy to come in contact with institutions operating at central level, to observe closely the work of companies and enterprises, NGOs and other public and private entities, all interacting at national and international level.

SEA

A strip of land in the heart of the Mediterranean Sea.

Malta is utterly surrounded by a clear blue sea. The rocks often fall down straight into the sea generating a game of caves and making the landscape really impressive.

The islands have been for several years the favorite destination for lovers of aquatic sports as diving, wind-serf, snorkeling, jet-skis and water ski..

WHY MALTA

FUN

Sunny, with large golden beaches, an exciting nightlife and 7,000 years of fascinating history, Malta is the ideal destination to study, experience life and outdoor living.

The rich cultural past offers several interesting opportunities to visit buildings dated from different periods and some historical sites have been chosen by UNESCO as “World Heritage”.

It is possible to play sports as horse riding, go-karting, camping, hiking, paragliding, golf and much more. At the end of the day, after sunset, the streets of Paceville, with the countless discos, disco-pubs and bars, become the privileged place for night life.

During the free time, it is easy to meet people from all over the world and sharing common interests.

TESTIMONIALS

Matej Mom

“

My name is Matej and I come from a small country Slovenia, where we love sports, nature and culture. I was on Leonardo Da Vinci (LDV) Mobility programme for 10 weeks on the lovely island of Malta, which is very similar to Slovenia. This programme was amazing experience, were I had the chance to see the beauty of the island, the historical and cultural points as well as to get to know people from all around the world. And in the 10 weeks of time they changed a bit of me.

Marco and Valentina from MVC helped me, whenever I asked them and the accommodation they found for me was just amazing and very spacious.

Tea Tijanic

“

The experience itself was great. I loved every minute of it, every day. My work placement was perfect, I learned many things which will help me in the future and got the glimpse of how things work in other countries. I had a great time at work, my boss was just perfect, not to mention the colleagues, who later became my friends.

Apart from that I met so many good, kind hearted people who will stay in my heart forever and who I will remember dearly.

“

Hello! My name is Barbara. I am from Slovenia. I was in Malta on Leonardo da Vinci Mobility Programme for 10 weeks. That is why I met Valentina and Marco from Malta Vocational Centre. I have only good experience with the organization and Malta.

I have to say only good things for Marco and Valentina because they were really helpful, reliable and friendly for my entire stay there. The accommodation organized by them was also great and if there was any problem they always made a best effort to solve it.
