----------	---

Heritage means identity and diversity, but also dialogue and understanding for each other's values.

We are on the search for partners with a specific heritage they are dedicated to conserving and promoting. It can be either tangible or intangible; important is that the partner finds it the most valuable thing to show to the world.

6 meetings focused on heritage are planned, together with supporting activities (web-site, papers, etc.)

Contact us on lag.prizag@gmail.com and join our project!

Implementation period: 2018-2020
